General regulations:

1. Registration and Competition requirements:

All swimmers and Masters must be registered members of clubs and teams belonging to the FINA through membership in their own federation have the right to compete.

The International Swim and Masters Meet event will be staged in accordance with the rules of the Polish Swimming Federation. According to Polish Swimming Federation: Swimmers are allowed to wear knee long trousers and knee long swim suits as of age 14 – at this swim meet swimmers must be born in year 2001 or older. For further information on FINA approved swimwear, please visit www.fina.org. The swimming pool at Malta Thermal has 10 lanes with dividing lines. The pool is 25 meters long, 25 meters wide and 2.00 meters deep. The water temperature is about 27°C. The lanes are divided with water-breakable lines to suppress waves. The warm up for all swimmers is allowed up to 10 minutes prior to each session starts. A second 25 meter pool with 10 lanes can be used throughout the event for warm-up and cool down.

During the registration process, Participants may get ask to present current medical certificate, stating that they have been checked and judged fit to participate in a swimming competition. Masters swimmers are obliged to provide such certificate or signed statement upon registering for the event. Coaches are responsible for providing current medical certificates for members of their teams. If no sport health record certificate can be presented, the swimmer or Master won't be able to start during this competition. For further questions of above, please contact us directly.

2. Timing and start requirements:

The swim meet will have electronic timing, in case the electronic timing does not work, additionally hand timing will take place too. Each race will be started according to the one-start-rule. (During a false start, the race continues and won't be repeated.)

Starter, Judges and Referees are provided by the organizer.

All Heats will be arranged by entry times, without regarding the age of the swimmers. During the 50m qualifying heats, the heats are arranged so that faster swimmers won't swim in the same heats. The fastest 10 swimmers in each age group will be announced to go through to the 50m Finals, plus 2 substitute swimmers for eventual drop outs.

Finals will be held on Saturday and Sunday afternoon. *100m Individual Medley and 100m Freestyle registrations are accepted for swimmers born in 2006 and older. Please note during competition races No. 9, 10, 11, 12, 40, 41, 63, 64 – 800m, 1500m and 400m Freestyle female/male and Masters female/male races, we might have to limit the number of entrees and consider starting 2 swimmers per lane. In this case the faster heat will start before the slower heat. Electronic time may not work and hand time will be taken. Attention: At 800m Freestyle Masters for female/male a minimum norm time is implemented. Proof is required.

Additionally we are having the **150 m Freestyle Sheraton Distance Cup – Open Age Category**: the preliminaries (heats no. 42 and 43) will take place on Saturday in the 3rd Session. The Finals (heats no. 42F and 43F) are scheduled for Sunday afternoon.

Masters heats are set based on entry times and not by age groups. All Masters Races are final races including Master Relays.

3. Scoring and Awards:
